

THE WOMEN IN TRADES INDUSTRY PLEDGE

The new
state of
business

An industry commitment to actions that increase the number of women entering and employed in non-traditional trades¹

To sustain the trades workforce, and maximise employment choices for girls and women, businesses need to draw on the untapped resource of female tradespeople. This Pledge confirms our intention to support and increase the number of women training and working in non-traditional trades.

Australian Constructors Association

pledges to take action to support Women in Trades.
